Mr. M. C. Heath, who has been with us for two years in charge of the large and lucrative business of Heath & Co., left us last week after selling out his mercantile interest to Mr. A. W. Sinith.

Our people regard Mr. Heath as a first class business man and all regret that be has left ins. His energy and business tact made their impress on the trade of the place, and his linfluence in trade circles was left by all. To his energy and his wonderful genius we are indebted for the large business which his house extabilished. His interalty in buying cotton brought much of the staple from a distance and the increase of cotton shipments resulted in a large measure from his presence.

The removal of Mr. Heath is a loss to the town, and he goes at a time when we had be-

Mr. J. G. Huckabee went to Abbeville, Friday then to Dae West.

Messrs. J. T. Latimer and S. C. Maulden went to Abbeville Wednesday on business.

Mrs. E. M. DuPre and her children went to Fort Hill Monday, where they expect to make their future home.

Roslin Lodge expected the Hev. H. R. Coleman, Grand Chapadh, of the Grand Lodge of Mason, of Kentucky, to address it on Free Masoury and the Holy Land Monday, b the failed to get here. The members had a supper prepared for them at the Moseley House, which was all that could have been desired, and which was very much enjoyed by them Miss Lillian McDavld, of Due West, reached here Saturday evening, to visit the family of her brother-in-law, Mr. E. Mrs. R. L. Moorhead entertained quite a number of her friends Tuesday night.

Miss Ellen Brownlee and Mrs. Florence Holeomb, of Anderson, spent several days last week with the family of Mr. E. W. Harper and other triends in town.

1893 has been so far, a remarkable year. It began on Sunday—the first week and nonth began Sunday. Its first month will have five Sundays, five Mondays and five Tuesdays. With these quite unusual occurrences came some extremely cold weather, which has continued to date. Cold and dry weather rarely come together. There has been no moisture since the snow, and the freezes though severe were only surface ones. It cannot as yet be determined whether the small grain crops have been injured or not. If the first tweived days typity this year, then we may expect a cold, windy one. Marriage of Miss Susie Willson and Mr. Lee T. Miller, Jan. 11, 1893.

At Lie Brothers, and has saved something of his earnings, on which to begin his married life.

The marriage took place in the home of the bride which had been beautifully decorated for the occasion. Holly and ivy, cedar and fern, hot house japonicas and wildwood berries, mistletoe and tiny white flowers were blended in graceful effect, as they ornamented the wails or formed the swinging arch, under which the marriage vows were taken.

At the appointed time Miss Mamie Taggart, as sweet a little mail as ever delighted a mother's heart or won a lover's devotion, played the wedding march, and the brides mails and bridesmen entered the room, follows:

The Atlanta Constitution says:

"The report that the Georgia, Carolina and Northern Railroad snops will not be located at Abbeville on account of the bostile legislation of the South Carolina General Assembly is contradicted by the authorities of the road.

"The unfriendly spirit of the Legislature has not inclined the railroads to make heavy investments in South Carolina and the Seaboard system will not establish as large a plant at Abbeville now as it intended to. The railroad managers believe that South Carolina will eventually see that the interests of the corporations and the people are identical and will become more tolerant after awhile. The manifest change which has come over Georgia, as evidenced by the policy of the Legislature at the fail term, has encouraxed the companies to put more failth in the conservatism of the world than they had entertained South Carolina had not been so extreme in her legislation as Georgia previous to the recent session of the General Assembly, when Governor Tillman took a conspicuous part in the passage of the hostile acts.

"The Seaboard's shops are to be located at Abbeville, an officer of the company slated yesterday. Elberton is doomed to a disappointment on that score. Abqeville gave certain guarantees and the company proposes to keep good faith and put its division shops there."
